COVID-19 (novel coronavirus) update

Further to my letter dated 4 January 2021, as a valued member of the Sundale community, I wanted to provide you with an update and outline Sundale's current approach to managing the COVID-19 situation.

RESIDENTS - EFFECTIVE IMMEDIATELY

Greater Brisbane will enter a three-day lockdown from 6pm tonight to prevent the spread of the UK strain of COVID-19 after a positive case was detected yesterday.

Lockdown restrictions have also been extended to anyone who has visited the Greater Brisbane* area since 2 January 2021, regardless of where they are in the state.

**Greater Brisbane includes the Local Government Areas of City of Brisbane, City of Ipswich, Logan City, Moreton Bay Region, and Redland City.*

Residents who have been in Greater Brisbane on or after 2 January 2021 or reside in Brisbane, Ipswich, Lockyer Valley, Logan, Moreton Bay, Redland City, the Scenic Rim or the Somerset Region must notify Sundale Retirement Villages Manager, Leigh Kersnovske (0488 560 331 or leigh.kersnovske@sundale.org.au) immediately.

CLUBHOUSES / HUBS - EFFECTIVE IMMEDIATELY

Effective immediately, Sundale's Clubhouses / Hubs are closed as a precaution for 72 hours.

This decision protects the health and wellbeing of residents and team members and acknowledges Queensland Health's overnight decision to introduce immediate restrictions on aged care facilities in the Metro North, Metro South areas, and West Moreton Hospital and Health services..

Queensland Health's decision acknowledges reports contact tracers are attempting to pinpoint close contacts of a Brisbane quarantine hotel cleaner diagnosed with COVID-19 after tests confirmed she was carrying the highly contagious UK variant.

Queensland authorities are extremely concerned about the case, given the woman, aged in her 20s, was out in the community for several days, before developing symptoms on Wednesday and testing positive for COVID-19.

It is the first time in Australia that a person has been out in the community while unknowingly ill with the highly-infectious strain.

Sundale will continue to assess the evolving situation and determine next steps early next week.

CARE CENTRES

Sundale has also made the decision to close its Care Centres as a precaution for the next 72 hours.

CONTACT TRACING

Anyone who has been in the below locations during the relevant time periods, regardless of whether they have symptoms, is asked to come forward for [testing](#) and isolate until they receive their results.

Date	Place	Suburb	Arrival time	Departure time
Saturday 2 January	Train from Altandi station to Roma street	Sunnybank	7.00am	-
Date	Place	Suburb	Arrival time	Departure time
Saturday 2 January	Train from Central Station to Altandi station	Brisbane City	4.00pm	-
Sunday 3 January	Woolworths Calamvale North	Calamvale	11.00am	12.00pm
Tuesday 5 January	Coles Sunnybank Hills Shoppingtown	Sunnybank Hills	7.30am	8.00am
Tuesday 5 January	Nextra Sunnybank Hills Newsagent	Sunnybank Hills	8.00am	8.15am

NAMBOUR

[Recent wastewater test results](#) conducted by Queensland Health, in partnership with researchers from the University of Queensland and CSIRO have discovered traces of COVID-19 in Nambour.

If you live in Nambour and you **have** been to the Greater Sydney area on or since 11 December 2020, please come forward and get tested regardless of whether or not you have symptoms.

If you live in Nambour and **haven't** been in the Greater Sydney area recently, you should still come forward for testing if you have symptoms.

Please notify Sundale Retirement Villages Manager, Leigh Kersnovske (0488 560 331 or leigh.kersnovske@sundale.org.au) immediately if you fall into the two abovementioned categories.

COVID-19 HOTSPOTS

Important update for anyone who has travelled or is travelling to Victoria or New South Wales

While Queensland's borders remain unchanged, anyone currently in Queensland who has been in Victoria on or since Monday 21 December 2020, should [get tested](#) immediately and [quarantine at home](#) or their accommodation until receiving a negative COVID-19 test result.

Queenslanders are urged to reconsider non-essential travel to New South Wales and Victoria as the situation in each state is concerning, and border arrangements may change. Queensland residents that are currently in New South Wales or Victoria should consider returning home.

Queensland resident returning from New South Wales

Queensland residents who have been in a [declared hotspot](#) (currently Greater Sydney) in the last 14 days:

- Must apply for a [Queensland Border Declaration Pass](#) before entering Queensland;
- Can only enter Queensland by air and will be directed to [quarantine in government arranged accommodation](#).

Queenslanders returning from New South Wales that have not been in a [declared hotspot](#) (currently Greater Sydney) in the last 14 days:

- Must apply for a [Queensland Border Declaration Pass](#) before entering Queensland;
- Can enter Queensland by any mode of transportation.

Hotspots are places in Australia or safe travel zone countries where health officials have found a lot of people with COVID-19, or places that are at risk of a lot of COVID-19 infections. Hotspots are legally listed so that people travelling from those high-risk areas into Queensland can be identified.

From 1am AEST Monday 21 December 2020, [35 New South Wales LGAs](#) are considered COVID-19 hotspots.

NEXT STEPS

Any resident who has travelled to, or has had close contact with someone who has travelled to/from New South Wales or Victoria must notify Sundale Retirement Villages Manager, Leigh Kersnovske (0488 560 331 or leigh.kersnovske@sundale.org.au) immediately.

PREVENT THE SPREAD:

- Stay home if you are sick;
- If you have any [COVID-19 symptoms](#), no matter how mild, [get tested](#) then isolate at home until you get the results and your symptoms resolve;
- Stay 1.5 metres away from other people—think two big steps;
- Wash your hands with soap and water, or hand sanitiser;
- Leave a location if it is crowded.

Sundale will continue to work with Queensland Health and make responsible, considered decisions to help minimise the threat of COVID-19 entering a Sundale Retirement Community.

Yours sincerely,

Danielle Mackenzie
Sundale CEO
