## COVID-19 (novel coronavirus) update

As a valued member of the Sundale community, I wanted to provide you with an update and outline Sundale's current approach to managing the COVID-19 situation.

### THREE-DAY LOCKDOWN FROM 4PM TODAY (31 JULY 2021)

South-east Queensland will enter a three-day lockdown from 4pm today (31 July 2021).

During the lockdown of 11 local government areas (which includes the Sunshine Coast region), people will only be able to leave their homes for four reasons:

- obtaining essential goods
- essential work, school or childcare
- exercise with only one person from outside the household
- caring for a vulnerable person or seeking medical treatment or a COVID-19 vaccination or test

Under the restrictions, no visitors will be allowed at homes within the lockdown area.

Obtaining goods or exercising will be restricted to within 10 kilometres of your home.

Schools and childcares will only be open for essential workers and vulnerable families, and masks will need to be worn by teachers and students.

Funerals and weddings will be restricted to 10 people.

### CONTACT TRACING

**Sundale Retirement Community residents are being reminded to check the [Queensland Health](#) website daily for the latest COVID-19 information, including current contact tracing alerts and related public health advice.**

**Sundale Retirement Community residents who have been to any of the [listed](#) exposure venues at the relevant times, must follow the health advice and contact Sundale Retirement Villages Manager, Leigh Kersnovske (0448 560 331 or [leigh.kersnovske@sundale.org.au](mailto:leigh.kersnovske@sundale.org.au)) immediately.**

### CLUBHOUSES / HUBS

In-line with advice from the Queensland Government, Sundale has made the responsible decision to close all clubhouses / hubs for at least the next three days.

### BUS TRIPS

In-line with the three-day lockdown stipulations outlined by the Queensland Government, Sundale has cancelled all planned bus trips for at least the next three days.

Sundale will continue to work with Queensland Health and make responsible, considered decisions to help minimise the threat of COVID-19 entering Sundale.

Yours sincerely,
