8 October 2021

COVID-19 (novel coronavirus) update

As a valued Sundale team member, I wanted to provide you with an update and outline Sundale's current approach to managing the COVID-19 situation.

EASING OF RESTRICTIONS

From 4pm today (Friday, 8 October 2021), the Local Government Areas of Brisbane, Logan, Gold Coast, Moreton Bay, Townsville (including Magnetic Island), and Palm Island will re-join the rest of Queensland on [Stage 3](#) restrictions.

From 4pm today, people who reside in the above-mentioned Local Government Areas are once again permitted to visit a loved-one at an aged care facility if they adhere to the instructions outlined in [Residential Aged Care Direction \(No.9\)](#).

CONTACT TRACING

Sundale team members are being reminded to check the [Queensland Health](#) website prior to any shift for the latest COVID-19 information, including current contact tracing alerts.

Sundale team members who have been to any of the [listed](#) locations at the relevant times, must follow the health advice and notify their manager immediately (prior to entering any Sundale facility or building).

Sundale will continue to work with Queensland Health and make responsible, considered decisions to help minimise the threat of COVID-19 entering any Sundale facilities.

Yours sincerely,

Michelle McGowan
Executive Manager Aged Care and Community Services
