## Care Management

Care management is an important service that includes coordinating care and services that will help you deliver on the goals you identified in your Care Plan. Every Home Care Package, including those being self-managed will require some level of care management.

Approach to care management		The main goal of care management is to meet consumer's needs and preferences in the delivery of high-quality, high-value health care. This means that the consumer's needs, goals and preferences are known and communicated at the right time to the right people, and that this information is used to guide the delivery of safe, appropriate, and effective care.
